

## TECHNICAL DATASHEET

# ALCAFOAM

### ***Food & beverage / Cleaning of plants and surfaces***

*Alkaline foaming cleaner.*

#### **Features**

ALCAFOAM is a highly foaming formulation with high detergent and degreasing properties, specifically designed for the removal of all types of organic, animal and vegetable residues.

#### **Application fields**

Farms, slaughterhouses, dairies, food processing and transformation industries. Its special formula also allows the cleaning of vertical surfaces in stainless steel, glass, PVC, tiled, etc. without damaging or affecting them.

#### **How to use**

With a special foaming lance, spray all surfaces to be washed. Leave the foam to act for a few minutes, then proceed with a water-based rinse with a pressure lance.

Concentration of use: 3% -5%.

#### **Features**

Form:	liquid
pH:	10-11
density:	1,29 – 1,31 g/cm <sup>3</sup> @25 °C

#### **Compatibility**

Consider the following compatibility (referred to the pure product):

- Compatible materials: AISI 304 stainless steel, AISI 316 stainless steel polyvinyl chloride (PVC), polyethylene (PE) polypropylene (PP) polytetrafluoroethylene (PTFE) ethylene-propylene rubber (EPDM).
- Incompatible materials: strong acids, galvanized steel, aluminum, acetal resin (POM).

If in doubt, test the product on a small portion of the surface not in sight.

#### **Packaging**

Canister: 20 kg

Barrel: 220 kg

IBC: 1100 kg

#### **Other information**

ALCAFOAM meets the classification criteria of Regulation (EC) no. 1272/2008 (CLP). For specific information see safety data sheet.

Hazard class and category: Skin corrosion / Irritation, 1

ALCAFOAM is defined as dangerous for the various modes of transport according to the "United Nations Recommendations on the transport of dangerous goods - Standard Regulations". For specific information, see section 14 of the safety data sheet.

#### Composition (Reg. 648/2004/CE):

>=5% and <15% amphoteric surfactants

<5% phosphonates

AZIENDA CERTIFICATA  
SECONDO GLI STANDARD  
DI QUALITÀ ISO 9001:2015

### **Attention**

*This technical data sheet is intended to be purely indicative. For the definition of the correct protocol for the use of Devidet s.r.l. always consult the Devidet s.r.l. Technical Office, expert technicians will be able to provide the most suitable solutions for specific needs. Product for professional use only. We decline all responsibility for damage resulting from improper or unauthorized use of the product. Before use, check that the product matches the type of application required. Before use, consult the safety data sheet or the information sheet.*
